Editor's Letter

Yes, I know we have an exciting line-up of cuties for you every issue (they're girls taking their clothes off – how couldn't it be exciting?!), but we're particularly chuffed with this month's selection. Quite frankly Jasmine's far too posh to be doing this sort of thing, but hey – if she's got a naughty side of her character she wants to share with us, who are we to argue? Meanwhile it's another welcome return in the alluring shape of Amber Jayne, whose snatch looks even more inviting than ever! And that's before I've even mentioned Alexis Ford and the rest...!

FUN AND GAMES MAKER

Dear *Mayfair*,
In case you've been hidden under a rock for the last few months, you'll know that the Olympics were held in London very recently, and as I've always been into sports, I relished every moment of them. I was lucky enough to have tickets to a couple of events – the women's boxing final at the Excel centre and to a couple of cycling events in the main Olympic Village. It really was a once-in-a-lifetime experience, and I loved every second of it. As I live in North London, the games as a whole were ideally situated for me, and I even went along to the village to soak up the atmosphere on a few days I didn't have tickets to any events.

Two fingers on her clit and another two up her pussy soon tipped her right over the edge…

It was on one of these days, when I was just wandering around, fairly aimlessly, soaking up the atmosphere, that I became more aware of the Olympic volunteers (or 'Games Makers', as they became known), who were everywhere, helping out. I got chatting to one of them who was working on one of the entrances, Lacey, for a while – she was ultra-fit, all boobs and curves, and the most incredible long, thick auburn hair. She flirted with me, laughing at my shit jokes – just doing her job, I figured. But she was still working when I came back out of the venue and as I stopped to chat to her again, I was surprised when she coyly slipped me her mobile number and told me where she was staying in central London.

A few hours later, we met up for a drink – just the one before she asked me back to her room. I'd have been happy enough sat in a bar, just watching those epic bosoms quiver as she giggled away, but seeing them in the naked flesh beat the fuck out of that!

Meanwhile, she was beating the fuck out of my meat, tossing away so that her tits were jiggling about all over the place. She kept on licking her lips, like she was gagging to give me a suck, so I didn't deny her! As she took me in her mouth, I grabbed and shoved her boobs upwards so they cushioned my bollocks.

She sucked away, tongue teasing me all over my helmet. I held back as long as I could, then just spunked my load in her mouth, as she kept sucking. She didn't swallow, just let it geyser out and dribble down her chin onto her knockers. My dick jumped at the sight, squeezing out the final few drops before she gulped down what was left in her mouth.

I told her to come over and lie across my lap, let me play with her gorgeous arse next. Not a spanking thing, I just wanted to stroke her smooth-skinned, fleshy cheeks, and then dip between them to give her pussy some attention. She let out another little giggle, trembling slightly as I found a good spot, and the cream was seeping out of her, lubing up her clit for a rub. Enthusiastically, her light fingers deftly took over, frigging away at herself.

She was still frigging herself as I put my mouth to her hole – the more I tongued up, the more welled in there. Now I stuck my fingers in her pussy, wetting them before sliding them up her bum.

"Don't stop sucking me," she said, and I soon had her coming hard, juicing in my mouth and on my face as I nuzzled

ZUZE A LUCKY BOY THEN?

Dear Mayfair,
A brief note to mark the arrival of the latest edition of *Mayfair* and the welcome return of two wonderful models: Zuzana and Lizzie. DDF has produced a top drawer set featuring Zuzana, the classic blonde in black lingerie topped off by seemed stockings performing a slow striptease for the camera and only displaying all her naked charms in the final two shots. Lizzie makes an equally welcome return, very much "the girl next door" but with a definite touch of *Mayfair* class, the centrefold shot is particularly well chosen, cupping her breasts whilst displaying a perfectly smooth pussy. Good enough to eat!

As my old GCE 'O' Level papers used the ask: "compare and contrast" with Laura, an all too rare appearance of a completely natural bush and a well photographed reworking of the photosets from the days of my 'O' Levels that you are now featuring in your Classic sets. Finally Merilyn: what a figure! With respect to DDF, I'm not sure a PVC look Maid's uniform was the best choice of outfit, perhaps you could feature her in a future edition of the magazine in a white lace basque or corset?

With best regards!

Rob, via email.

OPEN AND SHUT CASE…

Dear Mayfair,
It is a well-known fact that all magazines will produce an exceptional issue from time to time; with *Mayfair* this was obviously Volume 47 Issue 10. Of the high quality pictorials in this issue my clear favourite is undoubtedly Merilyn, whose boobs are quite simply amazing! In particular the pictures of her on pages 59 and 62 are awesome, and became immediate pin-ups on the day I purchased the magazine! It so happens that I wrote a letter to one of your sister titles recently in which I suggested they should feature the equally busty Jana Defi – could it be that Merilyn represents something of a reaction to that letter?

Turning to more general matters relating to Paul Raymond titles, I've noticed in recent times that there's been a proliferation of 'held-open' shots, as well as those showing the girls' back passages in some detail. Whether this level of explicit detail is attractive or not is clearly a matter of personal taste; personally, I think not.

Sounding a note of caution, I have travelled to the States regularly, and am therefore familiar with the top shelf magazines there. Titles such as *High Society* and *Cheri* used to be noted for their wonderful models in the last millennium, but now appear to be outright porno mags. My point is simply this; a progression to publishing ruder pictures is not necessarily the best one to follow because it may very well not be the direction the majority of your readership wants.

P.T., Bedfordshire.

Many thanks for you thoughts, PT, and first of all we're glad to hear you enjoyed the last issue – and Merilyn in particular – so much. As for your point regarding the strength of the magazines, it's a very interesting one. In Mayfair we tend not to feature as many of the 'held-open' shots as some of our sister titles do, on the grounds that it would be a shame if all the magazines ended up the same, and also because we feel that the models should be taken as a whole, rather than just as a, umm, hole. That said, we often receive letters praising the ruder shots we have featured, so there's definitely scope for some debate on the matter. What does everyone else think?

between her legs.

As my dick recovered and started to harden between us, we both squirmed around a bit. Then Lacey rolled over and shifted position, so she was sitting on my lap. She hooked her legs over mine and felt between them, finding my hard-on and feeding it into her slippery hole. I moaned out loud – whatever kept her model body toned up on the outside got her nice and tight on the inside, too!

She told me she'd done a bit of lapdancing, and the way she was moving against me showed it. As she circled her arse around, clenched her hole tight, it did the most unbelievable things to my cock.

She hooked her legs over mine and felt between them, finding my hard-on and feeding it into her slippery hole…

All I could do to distract myself was grab her tits again, squeezing them and fingering her nipples, which just got her working her pussy even harder.

"Know what I want?" she asked, leaning back to blow in my ear. "I just want you to fuck me from behind, as hard as you can."

I wasn't about to argue and I certainly didn't need telling twice, so I got her on the bed doggie style, and dived right in. I grabbed the back of her long hair, pulling on it gently – not to hurt her but to get her arching her back, so her bum was even more square up against my crotch.

I went for deep, slow thrusts at first, before I grabbed on tight to her sides, and hammered her hard, getting her to the point of screaming so loudly for more that she had to bury her face in the pillow.

I've shagged some fit girls in my time, but never a patch on Lacey – I heard her big tits slap together, felt her pussy bubble up with her juices. Then it suddenly got a whole lot wetter as I drained my balls into it.

I wasn't totally sure she had come – her fanny was so tight that my dick couldn't tell. Then I saw her begin to frig herself. I flipped her on her back and started sucking her tits, my hand brushing hers aside so I could play with her pussy instead. Two fingers on her clit and another two up her pussy soon tipped her over the edge, forcing out little spurts of jizz-streaked juices, which then trickled down her bum crack.

We continued all night, just taking the odd break for a drink. I ate her pussy out for ages, taking my time to bring her off again and again, before fucking her juicy hole till she begged for more.

We've seen each other a couple of times since then, but although she's great in bed I'm not sure it's going anywhere. Still, it's not a bad Olympic memory to have!

Shane, London

Last time we had the pleasure of hooking up with brown-eyed beauty Nicole Smith she wasn't wearing specs, so we couldn't help wondering if they were just a prop to make her look a bit brainier and, well, sexier…

"Not at all!" she insisted. "I was probably wearing my contact lenses last time – I usually do when I've got a modelling job on, but usually I wear glasses for my day job – they're a lot less hassle, and I've never found it puts guys off."

Well why would it? Guys love girls who wear glasses – in fact as far as we can remember the Ed's never dated a girl who doesn't wear them (and they're generally pretty thick pairs, too). Hmm, but now we're intrigued about your speccy-wearing daytime job – can you tell us more?

"It's in an office – I can't say more than that, really, just in case anyone suspects they might recognise me and I give away too many clues!"

Fair enough. Apart from anything else, you'd have had the Ed sniffing around…

ANISSA KATE

MAYFAIR Presents...

With sexual tastes that include bondage, anal, facials, DPs, creampies and gangbangs, this is one gal who knows what she wants…

Having only dipped her toe into the murky world of pornography this time last year, French sex-kitten Anissa Kate has already made a huge impact in the industry with her impressive, *au naturel* 37D-23-35 curves, stunning visage and enthusiasm for taking rather large phalluses any which way she can on camera.

Born on the 7th May near Lyon, in the beautiful French countryside, the 25-year-old, raven-haired beauty was an Economics student at University and was in line for a Masters degree, when she began a relationship with a mystery man who she says had ties to the adult industry. A man, it turns out, that we should be forever thankful to as she says that if not for him, she would still be studying and keeping that gorgeous body of hers hidden away from the world. Anyway, we digress. Apparently already curious about the porn biz having watched her share of mucky movies and fantasised about starring in them, Anissa thought long and hard, discussing the pros and cons of becoming a XXX actress herself. Then, in September 2011 (and much to our ongoing delight), she threw caution to the wind and agreed to appear in the hardcore movie *Ultimate French Girls 3*, from studio French Prod, and thus, a new porn starlet was born.

Since then, the 5'4", Tera Patrick look-a-like, has unsurprisingly gone on to work with such porn industry giants as Marc Dorcel, Suze Randall, Evil Angel, Zero Tolerance, Brazzers, Elegant Angel, Vivid, Bangbros, Hustler and, more recently, Harmony Films, for whom we've seen some of Anissa's finest work to date, including *Bust Lust 3, Slam It In A Slut 2, Divine Whores* and *Den of Depravity*. Now, with fully 30 fuck-flicks under her belt and counting, as well as countless scenes for internet sites, the brown-eyed Eurobabe is making even more of a splash in the world of porn, starting her own

MAYFAIR Presents... ANISSA KATE

production company, Studio Anissa Kate, and even directing titles for French company Colmax – the first of which is yet to be released, so watch this space!

With sexual tastes that include bondage, anal, facials, creampies, DP, gangbangs, interracial, deepthroat and A2M, this is one gal that certainly isn't shy about letting you know what she wants: "Hand-jobs, blow-jobs, anal, swallowing, creampies, and more. I can do it all and I love doing it all!" This is, of course, music to the ears of scruff-lovers the world over, and Anissa has fast become a firm favourite of discerning punters.

When not enthusiastically taking eight inches of manmeat up her wrong 'un, Ms. Kate enjoys travelling, cooking, listening to 80's music *(Gah – there had to be something wrong with her! – Ed.)* and watching action movies. When pushed about her extra-curricular activities, she told us, "My [other] passions are the hiking, the dance, the cinema, the travel and my duvet …" We'd be pretty passionate about her duvet, too, given half the chance!

Proving herself just as capable at attracting DVD sales as her more-experienced and bigger-named co-stars, somewhat unusually Anissa already has a self-titled release out – *Initiation of Anissa Kate* – from Harmony films, which sees this wild seductress at her very filthy best, performing DPs and facials with wild abandon. Having seen most of her filmography (for journalistic purposes, of course), we would also highly recommend giving *MoneyBalls* (from the Brazzers Network), *Raw 10* (by Evil Angel) and *In Bed with Katsuni* (courtesy of Video Marc Dorcel) a watch, too. We are expecting big things in the future for this busty babe, especially as she tells us that her passion lies in video shoots, not photographic, and her tastes seem to be getting harder as she goes. And as for sorting herself when not at work, the single horny honey swears by her Magic Wand sex-toy to keep her stimulated and satisfied – something we've been dreaming about since we found out!

Bisexual in her personal life as well as on screen, she looks for the same things in either sex; honesty, kindness, openness and generosity, so if you boast these personality traits, you could be in with a chance with this gorgeous creature. Oh, and we feel that we should let you know that her dream car is the Maserati MC 12, so if you own one, you're over halfway there already!

When asked about any guilty pleasures in her life, Anissa reveals, "I have a big appetite, I love to eat and I like to cheat with chocolate and caramel. I do a lot of sports to compensate". However, considering the gorgeous model doesn't touch alcohol and shags vigorously for a living, we reckon she doesn't have to do much compensating in the way of exercise, and would be a pretty cheap date!

As well as running her own website – www.anissa-kate.com – and updating her fans a few times daily via her Twitter account the voluptuous vixen also hosts a webcam regularly, of which her fans cannot get enough. And who can blame them?

Kiss me, Kate – and then suck me off!

Readers with a good eye and a good memory might recognise Jasmine here – she debuted exactly two years ago, appearing as a rather feisty doctor in On The Job – but what on earth has she been up to since then?!

"Oh, I've been pretty busy, actually – I've been travelling quite a bit, and got mixed up with a guy from America. He was crazy about me, and I was actually thinking about settling down with him, but something in the back of my mind warned me against it – and it turned out to be just as well. He was already married!"

Oh what a rotter! Still, we can't really blame someone for trying to snare Jasmine here, even if he already does have a ball and chain. And what about her plans for the future?

"Oh, at the moment I just want to have some fun for a while."

Very sensible. Er, can we join in?

21ST CENTURY TOYS

Manning Mayfair's glory hole of gadgets armed only with some screen wipe and moral flexibility, JAMES SAINT presents and also presents this month's top tech round-up…

As we head towards the end of the year, I've been harking back like a proper Jonathan Harker over the events of 2012. Most prominent in the memory is, of course, the brief swell of national pride brought on by the Olympics and the Paralympics, a brief swelling in a part that has rarely swelled before. But, as awesome and inspiring as it all was, did anybody else feel a bit left out? I'm no ace-gene-packing athlete, nor am I missing a limb or anything, so where's the Olympics for the average, mediocre likes of me and those of my ilk? Where's the high jump for the quite pissed? The 100m hurdles for them with bad hair? The long jump for those who may have smoked too much last night? Yes, once more the common man, the garden-variety geezer, the in-of-the-ordinary has been left out of proceedings. Shocking. I'd do something about it, but I'm a bit tired and, frankly, I can't be arsed.

But that's alright – why that lot may have their health and big-arsed medals to wave around, we, the humdrum huddled masses, have something better: gadgets!

Yep, who needs to be able to run and jump when you can sit and stream, or listen to the roar of the crowd when you can listen to remote controlled tunes? And when their power packs up mid-lap can they simple whip out a portable recharger and carry on? No, sir, they cannot!

So whilst we may not have our own Olympics with the likes of Paul McCartney ruining his back catalogue and Coldplay boring seven shades of shit out of everyone at opening and closing events, we take gold every time because, when it comes to the gadgets in here, everyone's a winner…

Apple iPhone 5

Price: dependent on contract
www.apple.com/uk

Well, it's been an epic wait, but finally the fifth iteration of the iPhone is amongst us, imaginatively titled the iPhone 5. Following the disappointment of the 4S, has the delay been worth it? Is the 5 the smartphone equivalent of the discovery of the Charlie Higgs Boson particle? Does the new iThing deliver the ultimate in palm of the hand satisfaction (barring the obvious one)? No, of course not, it's just a phone. So, what's new?

First and foremost, size matters – the 5 is now 18% thinner and 20% lighter than the 4, yet the Retina touchscreen display is larger at 4-inches. Boasting a part anodised aluminium body, this new slender iPhone is powered by Apple's latest, 'blazing fast' processor chip, features dual band 802.11n Wi-Fi support, an improved iSight camera with a special in-built panorama feature (previously available as a separate app), a FaceTime HD camera for making you look your blemished worst on video calls, the new iOS operating system (available as an upgrade for older models later in the month), the all-new Maps app for Google-free navigation (the two don't get along much anymore), improved Siri (couldn't conceivably get any worse) and all kinds of other fiddly, nice but un-gasp-worthy tweaks.

So, all good on the 'going forward' front. However, for some reason Apple has seen fit to add a new 'Lightning' connector port in lieu of the standard 30-pin, meaning all your docks, chargers an' shit will now not work without buying an additional adapter – another revenue string to the increasingly evil Apple's bow there then.

In all, the iPhone 5 looks nice, weighs less than a tramp's turd and turns a lot of tricks, but it's obviously more evolution than innovation. On balance I think I'll hang on for 6, or maybe even 7.

Terox Toys iHog

Price: from £30
www.terroxtoys.com

Finally, thanks to some genius over at Terox Toys (sounds a bit too much like 'terrorist' to us, frankly. We'd better keep an eye on them…) pigs will indeed fly. Alright, it's more of a wart hog. Alright, it's more of a green wart hog in goggles, flying helmet and jacket and with a helicopter tail projecting from its boarish backside like an escapee from some offshoot of Huntington Life Sciences.

OK, so it's a pig-shaped remote control helicopter. But, much more than that, it's a pig-shaped remote control helicopter that can be remote controlled via either a bundled infra-red handset or, better still, by an app downloaded onto your Apple or Android OS phone. What's more, if you're a proper nerd, you can even record your flight path and play it back after.

A bit of a balancing act to fly well, fortunately, the iHog is more thick-skinned than a British banker so no matter how many times you ham-fistedly slam it into walls, ceilings, previously expensive and cherished ornaments and, of course, faces, the iHog will fly again and again.

Available in three different flavours – with IR remote; Android and Apple OS controlled; and both IR and OS controlled – the iHog is not only a bit of good old fashioned high flying fun, it's also the perfect thing to whip out when a woman think she's fobbing you off with a snarky: "Yes, I'll give you a blow job… when pigs fly!" On your knees, baby, on your knees!

Jaybird Freedom Sprint Bluetooth Earphones

Price: £129
www.advancedmp3players.co.uk

Spurred on by exhaustive feats of Olympic athleticism seen on TV whilst shovelling hand-cooked designer crisps down their gullets, many easily led people have now taken to the streets of Britain, pounding the pavements to shed the porcine pounds and, of course, shaving their legs and dressing in Lycra, like some horrendously confused homosexuals, before cycling under the nearest bus.

Now, we've nothing against exercise (it's how we got rid of my grandmother's evil ghost), but if we must punish our bodies, we here at the centre of sauciness like to be entertained whilst we do so. No, I'm not talking about having a clown as a running partner, but listening to music, music of a decent quality, whilst free from the potential threat of being strangled in a freak headphone cable/tree branch scenario. Hey, what's this? Now that's a fucking coincidence!

Compatible with any Bluetooth enabled phone or music player, the Freedom Sprints are now 40% lighter than their predecessor, yet still deliver 4.5-hours of playback, feature high performance drivers for warm bass, balanced highs and low mids to reduce fatigue, offer complete control from the headset over tunes and calls, and have a built in microphone for gabbling away on the go. You'll still look like a wheezing, red-faced blob of near-death lard in a tracksuit, but at least your ears will be happy.

Crystal Acoustics Bluebox

Price: £65
www.crystalaudiovideo.com

Do you like docking stuff with other stuff? Then you're probably a harbour pilot or an evil vet. But then even tail-lopping failed doctors and those whose lives comprise the most boring bits of ship driving are entitled to some decent music free from some kind of tenuous busman's holiday. So for them and others of their weird ilk, Crystal Audio have produced this: the Bluebox – a massively affordable audio system that works wirelessly to generate a wall of sound.

Operating over a Bluetooth connection, the stereo speaker allows your tunes to be streamed over, where its 2x15W amplifier beefs up your meagre music no end before pumping it out via its two 76mm drivers and bass reflex port, delivering the kind of sphincter-tightening sounds you'd never expect from a dire digital tunes and a speaker costing less than even the shabbiest rental lady. Naturally, your device also then operates as the remote control, letting you change tracks as you would normally and adjust the volume accordingly. Or, AVRCP compatible, you can control your device functions via the buttons on the Bluebox. Neat.

With a 3.5mm mini jack connection also available if the idea of wireless communication is a bit too much like magic for your poor noggin to handle, the Bluebox is an awful lot of audio excellence for an amount that wouldn't even buy you a half decent evening out. And as for it not actually being blue, well that'd be stupid.

Innergie PocketCell

Price: £80
www.innergie.com

I don't know about you, but few things make me piss-boilingly angrier than finding myself halfway through an epic journey when suddenly and without any recourse, my smartphone battery craps out on me, leaving me stuck without the likes of email, SMS, games, music or video; especially when I'm on some form of airborne public transport surrounded by mouth-breathing morons who have been desperately waiting for an opportunity to try and drag me into their empty headed world.

Normally in such a situation, I'd feign a heart-attack, pretend to be foreign beyond the language comprehension of any linguist, or close my eyes and punch my way out, but thanks to this little beauty I no longer need bother. Called the PocketCell for reasons that should be entirely obvious, this rechargeable powerhouse is a battery bank that comes compatible with 10,000 different devices and can add an extra 4.5-hours to your iPad, invigorate your iPhone twice over, boost a BlackBerry by 15-hours and fire-up any tablet PC for an extra 5-hours.

Pocket-sized and sporting a Magic Cable Trio for the kind of gadget hook-up ability that makes other gadgets talk about it behind its back, when it comes to portable power, you've never had it so good.

thumbsUp! Dual SIM Card Case

Price: £30
www.thumbsupworld.co.uk

Ever used your mobile phone while abroad? Ever used is outside of Europe? Ever used your mobile while abroad, outside of Europe not just for phone calls but also to check email and update your MyFace up-twatter? Then the chances are excellent that you've come home to a phone bill akin to the national debt of, say, the African continent.

Yep, phone companies, like hookers, love nothing more than to fuck you and make you pay for the privilege, with calls you make over-priced, calls you take charged, and data roaming costing more than you could ever possibly hope to earn within the average lifespan.

But, while there is a way round this by using cheap SIM cards from the likes of giffgaff etc when on the go, that in itself brings the hassle of having to turn your phone on and off while switching cards… or does it?

Well, this is not *Top Gear*, so obviously not; not thanks to thumbsUp! and its natty Dual SIM Case for iPhone – simply slide in the adaptor, insert your secondary SIM, pop on the protective case and – hold the phone! – you can switch between SIMs by flicking a switch – no jail-breaking required.

Coming complete with a separate SIM key, now you can phone and surf as much as you like wherever you go without having to worry about being on the receiving end of a savage, surprise service provider shafting when you get back.

MUFF LOVE

Dear Mayfair,
It's not often I feel the need to put pen to paper, but after seeing Laura and her spectacular muff in your latest issue I just had to write in and say a big thank you! It's not often us muff-lovers get to see a specimen as spectacular as this one – the trend seems to have been for barer and barer pussies since around the turn of the millennium *(Blimey – two letters that use the word millennium in one issue! – Ed.)*, and, leaving older readers like me feeling a bit left out. I know that of all the magazines on the top shelf Mayfair is the one that most likes to cater for those who like to see a bit more 'grass on the track', but you really excelled yourself with Laura and made this reader very happy indeed. More please!
Ted, Muswell Hill.

LEZZIE MATES

Dear Mayfair,
When my best mate Sara suggested that we should have a girlie night in one weekend, I didn't know why she was so keen on the idea.

A typical weekend for us consisted of going shopping, tarting ourselves up and then bar hopping – getting incredibly drunk in the process and, if we were lucky, getting laid. So I was slightly perplexed as to why she wanted to stay in with a bottle of wine and a video.

But I needed to save some money and didn't think the local pubs and clubs would suffer from our absence for one weekend, so I agreed to an evening in.

Sara had decided to cook when I went round to hers. Nothing special, just a pizza, some garlic bread and the obligatory side salad to stop us from feeling too guilty. We washed the food down with a bottle of wine, and then opened another one to share while we watched the film.

The video was some recent rom-com effort, not my cup of tea but Sara had chosen it and there wasn't anything better to watch on the TV. We both sprawled out on opposite ends of her sofa, Sara turned the lights off and the film began.

Within a matter of minutes of the film starting Sara shuffled around on the sofa so that she was now snuggled up against me. I didn't find this too weird as we are usually quite tactile with each other but when she clasped my hand I found it a bit strange. Strange, but quite exciting at the same time.

I thought nothing of it for a few more minutes, then Sara started stroking my leg. She ran her hand across the inside of my thigh, teasingly close to my mound.

"What are you doing?" I asked, slightly alarmed.

"Shhh!" Sara replied, placing a finger over my lips before leaning forward and kissing me.

I was in shock at my best friend coming on to me, but for some reason I didn't resist. I'd never had feelings for another girl before, even one I knew really well. Everything was so confusing but since I wasn't pushing Sara away in disgust, she came on heavier.

I felt her hand slip under the waistband of my jeans. Her fingers moved over the front of my knickers and I gasped as all that separated my pussy lips from her touch was a layer of cotton.

> Every time the tip of her tongue touched my nub I was drawn into a deeper state of sexual gratification.

Sara continued to rub me gently, obviously trying to ascertain some sort of reaction from me before she proceeded any further. To let her know I was comfortable with her advances I opened my legs so that it was easier for her to get her hand around my crutch.

Pulling her hand back a bit, Sara slipped it under my knickers and pushed it back down. I shivered as her fingers slid across my shaven mound and then came to rest on my slit. Slowly she inserted a finger between my love flaps.

Looking up at me for some sort of approval I nodded to Sara and she began to tease my sensitive bud with her fingers. Pretty soon she had me worked up into such a horny state I didn't care that it was another girl pleasuring me.

Confident that I wouldn't object, Sara undid my jeans and slowly pulled them off along with my knickers. Once I was naked from the waist down she repositioned herself so that her head was between my legs and that's when the real enjoyment began.

She pushed her tongue against my soft folds and soon slipped it across my clit.

Every time the tip of her tongue touched my nub I was drawn into a deeper state of sexual gratification.

I grabbed hold of Sara's head and pulled it close to me so that she wouldn't stop eating me out. She didn't. She lapped at my pussy like it was the last time she was ever going to do it. I'd decided that it wouldn't be but made the most of it anyway.

It didn't take long for Sara's tonguing to take me over the edge. I wriggled my hips from side to side as each one of her licks sent me wild. Then I was gripped by an almighty orgasmic spasm.

"Oh my…" I whimpered as Sara continued to feast on my sodden gash. I rewarded her with a stream of my own juices, which she gladly lapped up.

When my climax had subdued Sara finally pulled away from between my legs. Her face looked a right mess covered in all my juices. She smiled at me, clearly pleased that I had succumbed to her ways.

"Did you enjoy that?" She asked with an eager grin on her face.

"Well, what do you think?" I replied. But then I didn't give her a chance to answer that. I pulled her close to me and started to kiss her. Our embrace got deeper and I think that probably answered her question. That or the ensuing muff-diving marathon that followed.

Not bad for my first time at lezzie loving!
Jackie, Lincoln.

MALENA… DAY'S WORK

Dear Mayfair,
I was delighted to see that you'd lined up the stunning Malena Morgan for a *Mayfair* shoot when I saw her on your 'coming next month' page in 47.09, and I wasn't disappointed when the pictures finally appeared (after what felt like a very long four weeks!) – what an absolute stunner she is! Sometimes I can't quite believe that girls this beautiful are more than happy to show off their bodies to the world like that, but I'm sure gad they are. That picture of her you printed on page 9 where she's showing off her wonderful bottom is a true wonder to behold, although it's a shame you've got the middle of the page going right across her tongue. Still, I've spent most of the time looking at the other end of the pic, to be perfectly honest!

Love the magazine, and keep up all the good work!
Alan, Crewe.

AMBER

Age: 29 **Vital Stats:** 36DD–28–35 5'7"
Photographer: APD Nudes

Following the considerable swelling in our mail sacks that followed Amber Jayne's debut appearance earlier in the year we knew we had to get her back in the studio pronto – if only so we could take another gander at her womanly figure and resolutely old school nadger! So how's life been for the naughty northerner since appearing in print…?

"It's been amazing!" she gushed. "I'm not the sort to hide my light under a bushel *[We'd noticed, love! – Ed.]*, so when the edition of *Mayfair* that had me in it was printed I couldn't wait to show all my friends. A few of them were shocked, but most of them were really complimentary! In fact I've almost persuaded a few of my girlfriends to give nude modelling a try themselves. And as for the men I showed… well, let's just say there's no expense a fella won't go to to try and woo a *Mayfair* model!"

Well you've certainly been wooed. Very wooed indeed, you naughty thing!

MAX... HEADROOM

This five seater from Ford that takes some of the strain out of family life and looks set to turn a few heads…

Words: Martin Bains **Pictures:** Newspress

Just when you thought small cars couldn't get any cleverer, Ford has pushed the boundaries. Its new B-MAX is a small five-seater people carrier, based on the Fiesta supermini, and has the cubbyholes and neat folding seats that buyers in this market expect. But it stands out for what it doesn't have: there's no B-pillar, and the engine is one cylinder down on most rivals.

> "As you'd expect, none of the technology detracts from the driving experience."

Removing the B-pillar – the vertical metal structure between the front and rear doors – is a simple but hugely effective move. Arch-rival Vauxhall has already tried to think outside the box by fitting rear-hinged back doors to its Meriva supermini-MPV, but Ford has taken this a step further and made it even easier to get in and out of the B-MAX. By ditching the B-pillar and fitting a sliding rear door, it has created a huge 1.5-metre-wide opening.

Family buyers will tell you how fitting a child seat in the back of any car is a pain in the neck – or more specifically, the back. But in the B-MAX, it couldn't be easier, as there's simply so much space to lean into. Competitors will be scratching their heads and asking themselves why they didn't think of this.

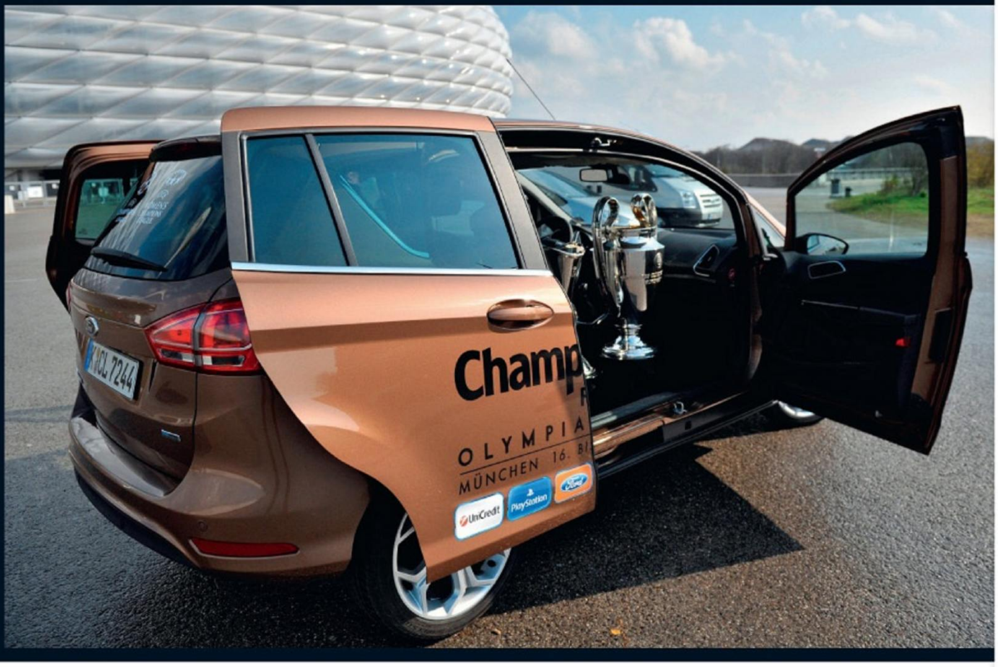
Once you're inside, the sense of space continues. If you want to carry big loads, the 60:40-split rear seats fold flat in a simple, one-handed motion to provide a capacity of over 300 litres – that's huge at this end of the market. There's also a false floor for hiding valuables under. The B-MAX will swallow items up to 2.34 metres long. But driver and passengers feel the benefit, too, with more head and legroom, plus – as the new car is 12cm higher than a Fiesta – a more commanding view of the road.

It has a quality feel, too. The B-MAX uses the same contemporary materials and design as other models in the Ford range, with everything feeling built to last. And it scores on hi-tech toys. Ford has already spelled out how it wants to be thought of as a technology company rather than just a car company, and the SYNC system is central to this. It makes its European market debut in the B-MAX.

SYNC is a highly advanced connectivity and voice control system. It lets owners connect their smartphone or music player via Bluetooth or USB, then tell the car what to do with it – whether that's selecting tracks, making calls or an array of other functions. Contact information can be automatically uploaded, while it even reads out text messages. Plus, it automatically contacts the emergency services in the event of an accident. Clever stuff.

Buyers needn't worry about the clever doors compromising the B-MAX's safety credentials, though. Engineers have effectively split the B-pillar between the front and rear doors by reinforcing them with ultra-high-strength boron steel. And if some uninsured oik drives

“It feels punchy and responsive, but returns nearly 60mpg and emits only 114g/km of CO^2.”



into the side of you, special crash catchers lock the doors together, while the latch system that closes the doors is also suitably reinforced.

All this stuff clearly works – the experts at Euro NCAP have awarded the car the maximum five-star crash test rating. It helps that the B-MAX also features seven airbags and anti-skid stability control. Plus, it can be specified with Ford’s ingenious Active City Stop system, which monitors traffic ahead at speeds up to 20mph and automatically brings the car to a halt if it thinks a collision is imminent.

As you’d expect from a Ford, none of this clever safety technology detracts from the driving experience. The B-MAX has a host of brilliant engines combining strong performance and efficiency, but the new 1.0-litre EcoBoost petrol turbo is grabbing all the headlines. While most rivals persist with four-cylinder layouts, this engine has only three cylinders. Yet that doesn’t mean it’s short on power.

There’s a choice of 98bhp and 118bhp outputs, and the latter takes the car from 0-62mph in 11.2 seconds and on to 117mph. It feels punchy and responsive, but still returns nearly 60mpg and emits only 114g/km of CO^2, for low road tax bills. It works really well in the B-MAX, and is also set to feature in the Fiesta, Focus and new Mondeo.

If you must have a diesel, the 1.6-litre TDCi promises 70mpg and 104g/km, and is also a torquey performer. It just doesn’t have quite the same zip as the EcoBoost.

No matter which engine you choose, the B-MAX is good fun from behind the wheel. That’s no surprise given that it’s based on the Fiesta, but it’s still impressive considering the practicality on offer. The speed-sensitive steering provides the perfect response for the type of road you’re driving on, while the ride is smooth and refined. The taller body means the handling isn’t quite as sharp, but it’s not that far behind the Fiesta.

So while the innovative B-pillarless design has caused a stir, the new B-MAX does more than just score on the doors. This is yet another brilliant all-round family car from a company that seems to know exactly what buyers want.

MAYFAIR Movies

You've got to hand it to those porno producers – they manage to come up with different titles for what's basically the same thing year in year out!

The Truth About O

Adam & Eve

Cast: Asa Akira, Bobbi Starr, Claire Adams, Jessie Andrews, Justine Jolie.

We've all heard the lies about O. Now, finally, the truth…

This touching tale from Ernest Greene chronicles the journey of emotionally complicated submissive O as she develops the trust necessary to allow a new sister sex slave to share her relationship with her Master.

It's an old story and one you've probably heard before, involving girls menaced by huge buzzing electric vibrators and suspended in swinging "knobbing cradles" – not to mention being tied up with ropes and gagged more times than The Lone Ranger. The inordinately trussable Claire Adams proves the equal of Houdini when it comes to being tied up and dangled, though she never escapes.

Ernest, who is notorious for making flicks about "loving domestic discipline" with simpering lovelies consensually misused in cellars, H-bomb shelters and dog-crates, is very mechanically minded and surpasses himself by introducing an illuminated "shagging engine" which owes more to Heath Robinson than to Popular Mechanics.

Such contraptions augment a bevy of beauties in fetish-wear being cheerfully spanked, nipple-clamped and sodomised with see-through butt-plugs. ★★★★☆

Breaking All Ties

Wicked Pictures

Cast: Gracie Glam, Cassandra Cruz, Julia Ann, Brynn Tyler.

Gorgeous Gracie Glam stars in director David "Good!" Lord's erotically shocking film about Gracie Glam having it off with anything in knickers in an effort to re-establish her self-worth after coming home one day to find her husband in bed with a girl of highly questionable morals.

Can lesbianism help? Gracie decides to find out, and her subsequent Sapphic wrestling match with Julia Ann, though not especially instructive, supplies the sort of footage that can give a bloke wanker's cramp for a week. That's why I'm using voice recognition to write this review.

Other highlights along the way in Gracie's sensual pilgrimage include a threesome in a cage with Michael Vegas and Cassandra Cruz and a threesome not in a cage with seasoned pork-swordsmen Mountain and Hunter which leaves her with her tits and chin plastered.

Having experimented until she's bow-legged, Gracie finally finds the answer to whatever obscure question she's been asking astride the capable loins of Derrick Pierce, who portrays a man of experience with the ladies who knows a thing or two; i.e. the kind of smug git who winks and taps his nose whilst shagging. ★★★☆☆

Overnight

Vivid

Cast: Allie Haze, India Summer, Jessie Andrews, Skin Diamond.

Inexplicably disturbed by the prospect of selling off portions of his ice cream company, our hero Richie has Post Traumatic Stress Syndrome and can't make it through a night alone.

Meanwhile, for no immediately obvious reason, in a nearby cat-house, crumblie cocksmith Tom Byron is knobbing Jessie Andrews and Allie Haze.

Hang on, here's Allie again. Richie is hiring her to stay with him for the next few nights. For this she will receive umpteen thousand dollars. When she opines, "You need a nurse", he says, "I prefer a hooker". Let's see how well that works for him next time he lands up in Intensive Care.

This is where the plot gets so confusing that you may as well turn the sound down. Richie rushes Allie to the hospital, but has to stop and whack off in her face when, due to his anxiety over her well-being, a Post Traumatic Stress Attack overtakes him.

Less expertly handled, this could have been blithering rubbish. But it's rather splendid. My only criticisms are that it reveals a degree of ignorance regarding the reality of Post Traumatic Stress, and that Richie should have jerked off in far more birds' faces. ★★★☆☆

UnSEXpected Digital Playground

Movie of the Month

Cast: Andy San Dimas, Brooklyn Lee, Sabrina Taylor, Stoya.

Dopey yet divinely attractive Andy San Dimas stupidly believes her sister Stoya is as innocent as the driven snow. Why this is or who should care is not important. What matters is that what Andy doesn't know is that behind closed doors, her porn star sibling is insatiable and kinky – best described by a hyphenated word I just made up as "a nympho-deviac".

Erik Everhard, who has a steady girlfriend and would not normally act in a promiscuous manner (especially on film), is the first to succumb to Stoya's spidery charms after she ensnares him with a devious glimpse of quim over the edge of a rather nice pool table which would look good in my basement.

Even pizza delivery "boy" James Deen is seduced into sampling this secret splosher's deep pan pleasures, entering the house by the front and Stoya by the back.

And all this time nobody guesses our allegedly innocent young heroine is actually a cock-munching slut (although I half-suspected it around 40 minutes in).

Neither is Stoya's sister's boyfriend Manuel Ferrara immune to the siren song emitted by this twisted young woman's enchanted fanny and funbags.

Strongly recommended for those who like to watch guys have sex with girls but not with each other. ★★★★☆

I know what you're thinking; "There's no way that's a genuine naval uniform! Our lads at sea wouldn't be able to do anything at all, let along shoot straight (although thinking about it…) if they had colleagues trotting around on board dressed like that!" And who knows, perhaps you're right. but we did a bit of research ourselves, namely watching *On The Town*, and we reckon this look isn't too wide of the mark. Whatever the truth of the matter, it certainly seems to suite Brandy, who looks an absolute peach dolled up in her naval cossie! And while she might be called Brandy, she certainly looks pretty rum to us! Bottom's up!

Quest

You don't need us to tell you there's something rather fantastic about seeing someone in the nude – but screwing them's a whole lot better!

Name: **Karen**
Age: **27**
From: **Warwickshire**

I have lived next door to Jane for almost a year, and during that time we have become close friends. I was attracted to her vivacious personality from the first, but she is also stunningly beautiful.

I live in a small village where it's best to keep my sexual preference for other women to myself, so I resisted making a move on her until the temptation became too much… to bare.

It was a Saturday and one of the warmest days of the year, and having tidied the house I went upstairs to change into something lighter so I could improve my suntan. I was about to root out something suitable when I glanced through the window and saw Jane lying nude on some cushions and a brightly-coloured throw. Our houses are semi-detached cottages, standing alone on the outskirts of the village with shrubbery around the boundaries, so she was safe from prying eyes. All eyes except mine!

I began to feel all sexed up and tingly as I stared at her beautiful nude body in the next door garden. I was gobsmacked! Jane had made no effort to hide herself from the view afforded by my upstairs window. In fact it looked as though she had positioned herself right in the centre of her lawn to try to catch my attention.

For a moment I just stood there. Then as though she felt my eyes on her, she looked up and waved to me, beckoning me down to join her.

My heart thumped as I furiously thought about what to do. Jane grinned up at me and waved again, this time more insistently. I felt my body glow with excitement, and, making a snap decision, I quickly slipped a sundress over my head and ran downstairs, outside and through the gate into her back garden.

When I got there she made no effort to cover herself up, and instead embraced me, kissing me on the cheek. I gratefully accepted the ice cold gin and tonic she offered me, and we sat on some sun chairs, as if a stark naked woman and another in only a sundress sitting together was the most natural thing in the world.

I attempted to make conversation but could not concentrate, nor take my eyes from her body while Jane, in her turn, looked me over. Then she asked me if I was "comfortable" with her nudity, and that broke the spell. I nodded, smiling widely as I looked her over with what I'm sure was an expression of obvious desire.

Jane is a curvy brunette and she was shaved clean, with the exception of a small neatly-trimmed landing strip on her pussy. She chattered on unnecessarily, admitting she was an exhibitionist, and could never help showing herself off. Over the past months she had noticed the way I often seemed to be checking her out and she had hoped I felt the same attraction that she did.

Every nerve ending in my body tingled with arousal as I listened to her, then I eagerly pulled my sundress over my head and dropped it on grass. I made my move and this time our lips engage fully, mouth upon mouth. She was passionate, and her lovely narrow and slightly pointy tongue entwined with mine as we kissed. I caressed the sweet soft pillowy flesh of her beautifully-shaped tits as her hands wandered over the tingling skin of my buttocks, then we moved to the throw on the grass.

> "Spreading her lovely pink pussy lips, I laved them with my tongue…"

I rolled her over and slowly began licking her honey-coloured skin. It felt silky and beautiful and as my fingers and tongue roamed over her most intimate areas she responded to my touch. Soon she was breathing deeply on the edge of orgasm, her legs spread wide and her fingers rolling her nipples. She looked so wanton and irresistibly sexy that I could not help but go down on her.

Spreading her beautiful pink pussy lips, I laved them with my tongue, running it between her shiny pink petals from back to front, then lightly flicking it across her clit at the end of each stroke. Her breathing deepened as her juices flowed freely and she began begging me to make her come. I was alight with excitement, the taste and feel of Jane's sweet pussy almost bringing me to orgasm while I pleasured her.

Raising my head to watch her pussy spasm, I circled her clit with my index finger, teasing it until she began grabbing handfuls of my hair and pleading for the release of climax. Sliding my finger into her clenching pussy I tweaked her little nub and watched as she came on my finger, her pussy muscles tightly gripping it as her orgasm washed over her in several great waves. When her spasms finally weakened, I slid my finger in deeper, shunting it in and out of her pussy harder and faster as I tweaked, twisted and even nipped her clit.

She came with a loud cry, her buttocks bucking on the throw as her first orgasm went on to merge with another. Going back down on her I started licking her slit, sucking her juices until the last throb of her climaxes began to fade. Sliding up her body, I kissed her so she that could taste herself off my lips. Our tits flattened against one another's as we ground our pussies together.

The friction of her pussy against mine made my clit throb delightfully, and I was enjoying my dominant position when Jane rolled me over onto my back and wriggled down between my eagerly spread thighs.

My pussy was throbbing and aching with need as she set about licking me out. Her tongue worked on my clit, tickling and teasing it until I felt sparks of pleasure welling up. Then Jane slid two fingers inside me and began frigging me until I could hold out no longer. Soon I was coming in her mouth, my hips humping up against her lips as she smiled into my eyes.

After that we moved indoors, and the rest of the weekend was spend in a sexual frenzy. In the last couple of months we've made it a bit of a regular thing. I know that Jane's bi, and we've talked about maybe introducing a guy into our games some time. I'm not sure yet, but Jane can be very convincing when she wants to be!

Name: Leanne
Age: 19
From: Queensbury

I have wanted to be a model for as long as I can remember, but as I grew up it became obvious that my 5'4" frame wasn't exactly made for the catwalks of Paris and Milan, so I turned my attention to glamour modelling. After sending photos to numerous publications and getting just as many knockbacks (Page 3, porn mags, lads' mags, you name it!), I realised that getting into the industry wasn't going to be as easy as I first thought. Eventually, I read on an online forum about some amateur camera clubs that professional models frequented, to top their money up. I figured that if these amateur snappers were good enough for published models, they were good enough for me! After sending off a few emails and photos, it wasn't long before I had my very first booking!

> "I desperately wanted to taste his big, fat cock – so I did, licking him all over from balls to tip."

The following Friday, after spending the previous day preparing myself with a Brazilian wax, haircut and spray tan, I turned up to the studios at 8:50am, as requested. I was met at the door by Beth, a girl in her 20s, which surprised me a little. She ushered me inside and into a generously-sized dressing room, asking me if I wanted tea or coffee, and did I want biscuits with that, before rushing off to get me my refreshments, leaving me to do my make-up.

I'd finished my cuppa and just started to blend my foundation, when the door opened and a gorgeous blonde girl walked in, a pink wheelie-bag in tow.

"Hi, I'm Candy," she grinned, "You must be the other model?"

I smiled back and replied, "I guess I am, yes! I'm Leanne." She dumped her case on the floor and opened it, to reveal piles of sexy lingerie and stripper heels. It was a TOWIE wet-dream and I'd never seen anything like it!

"What do you mean, 'I guess'? Is this your first time?" I nodded and continued with my make-up. "Nervous?" she asked. I stopped and looked at her.

"A little," I admitted.

She nodded, "I was too, on my first shoot. Don't worry, though, just follow my lead. And remember, they're not professional, the photos won't be seen by anyone else and they're paying for your company as much as anything else, so just keep smiling and above all, be nice!" I was glad of the advice and even more so of the offer of outfits – I hadn't even considered needing a costume change! Candy was very sweet, lending me a couple of bra and knicker sets and two sexy dresses, telling me to chuck them back on top of her case when I'd finished with them. Then, all of a sudden, Beth came to tell us it was time to take centre stage.

I followed Candy out of the dressing room and into the studio – a large spacious room, divided into separate photographic sets; two bedroom sets, complete with fake windows, a basic office set, a lounge setting with a sofa and a basic white set, with strong lighting and a black chair in the middle. There was a group of about 11 guys gathered around the chill-out area, drinking tea and discussing camera models and the merits of digital over film. They stopped as soon as they saw us and trotted over, Beth introduced us as today's models and said she'd be around if we needed her. I was asked if I'd be OK starting with a bedroom set, to which I agreed readily, and was introduced to the photographers who I'd be starting out with.

I turned out to be a natural, even if I do say so myself, my nerves quickly disappeared and as I gradually disrobed, I even found myself flirting, especially with one particular 'tog', Gary. He wasn't quite as old as some of the men – I'd say about 35 – and had a certain twinkle in his eye, that I found really attractive. I tried not to be too obvious about fancying him, but I found myself getting a little turned-on every time he told me how gorgeous I looked, and by the end of the shoot I have to admit I was somewhat damp in the knicker-department!

When the photography session ended, the guys gradually packed up and left and Candy and I headed into the dressing room to get changed. She was really nice, telling me what a great job I'd done and passing me some professional photographers that she thought would like to shoot me. After Beth had paid us each our fee and she'd got changed, Candy said her goodbyes and left me on my own. I took my time, thinking over the day's events while I got myself together and left the changing room, and headed into the studio area to say goodbye to Beth.

Instead of finding Beth, I was surprised to see that Gary was still there, going through the images on his digital camera.

He smiled when he saw me, "I thought you might like to see what we shot today?" I grinned back and sat down close to him, so our thighs were touching. There was a definite chemistry between us and I was just starting to wonder if something might happen, when Gary leant in towards me and kissed me gently on the lips. Without hesitation, I kissed him back, pushing my tongue between his lips, exploring his mouth urgently. He took this as a green light and I felt his hand wander down to my ample boobs.

As he played with them, a little bit roughly, I felt suddenly super-sexy and wanton, and almost to my surprise, I realised I had unzipped his jeans and started to wank his cock and balls. He moaned and closed his eyes as I rubbed away at his hard dick, loving the feeling of his hands pulling my tits out from my top and sucking at my nipples.

This sent me over the edge and I desperately wanted to taste his big, fat cock, so I did – licking him all over, balls to tip, then using my hands and mouth to suck and rub and engulf his dick. I'd take it right to the back of my throat then, when it felt like he was on the brink, I'd pull it out, squeeze it just under the head, then start all over again, building up to something even more intense. After the fourth time of this little tease, Gary had had enough and told me get ready for a fucking. I wasn't about to argue!

> "I gasped as he pushed his full length into my aching pussy until it filled me completely."

I lay back, legs splayed, playing with my pussy, waiting for Gary to get between them. But he told me to get on my hands and knees, so he could do me doggy style. I tilted my bum up and back, flaunting my snatch, relishing the shudder of anticipation that went through my body as he got himself ready behind me. I didn't realise I was holding my breath until I felt his thick meat part my labia lips and slowly enter my juicy, waiting hole. I gasped as he pushed his full length into my aching pussy until it filled me completely, and moaned loudly as he began to pummel away.

I reached down and started frigging my clit, rubbing it to the rhythm of his fucking. And it was giving him a big thrill – he was fucking me hard, maybe a little too fast, but I was getting there now.

I gave another groan of pleasure then asked Gary to stick a finger up my arse, telling him that would really get me coming. He hesitated a little, then moistened it with my juices and slipped it in me down to the knuckle.

I started to climax almost immediately, my pussy muscles clamping tightly around his dick, and when he asked where he should jizz, I just clamped even tighter around him, holding him in me as he shot deep and hot.

We collapsed in a sweaty heap, before cleaning ourselves up and heading in our separate directions. He did ask me for my number, but I'm not interested in a relationship right now. He did, however, make my first shoot a particularly memorable one!

Name: **Emily**
Age: **24**
From: **Guildford**

My name is Emily and I would like to share my discovery of the amazing world of nudism and naturists.

I'm a student and I went on a cheap summer holiday to Greece with my friends Natalie and Susie. In the first week we ventured little further than the hotel poolside. However, we eventually felt the need to explore the rest of the island and looking at a map in the hotel saw what looked like a secluded cove in a quiet part of the island.

We took a bus and got off at a remote spot, which at first glance appeared to be totally isolated. Following the path we walked through a small wooded area and over some warm sandy dunes to the sea beyond, still oblivious to what we would find.

As we reached the beach we were amazed to find it full of other bathers. Susie stopped and her jaw dropped "Wow that woman isn't wearing any bikini bottoms!" It quickly became obvious that everyone was stark naked.

Natalie immediately got the giggles after exclaiming (rather loudly), "Take a look at that huge fucking donger!"

We made our way down to the middle of the

beach and were surrounded by bare bodies of all shapes and size and with every extreme of genitalia too.

Crimson with embarrassment I blurted out, “We can’t stay here! Lets get back.” But Susie and Natalie had very different ideas.

“No we should stay and take in the experience. We don’t have to take off our clothes if we don’t want to and it will be such fun to people watch!” Natalie pleaded.

So I was reluctantly persuaded to put down my towel and sat down with my bikini still firmly on and with my T-shirt and shorts over the top. My friends were both giggling hysterically and were completely up for it; unhooking their bikini tops and wobbling their boobs. I felt ridiculously over dressed and coming to the terms with the fact that nudity was the norm on the beach, I plucked up the courage to take off my T-shirt. I then unhooked my bikini top and sat in the unusual state of my pert breasts feeling wonderfully exposed!

> “His cock was hot and throbbing in my mouth, and I could feel the blood pulsing through his veins.”

However my frisky exhibitionist friends were not yet finished and were giggling again.

“Come on, lets do the full monty now we are here… it would be great to see how it feels!” said Sue. And with that they both stood up and with howls of laughter both pulled their bikini bottoms down to their ankles. Stepping out of them they excitedly ran off together, giggling excitedly as I watched their cute bare bottoms disappearing towards the sea.

Left sitting alone on the beach I plucked up the courage to bare all too. Still sitting on my towel. I wriggled out of my shorts and in a final act of defiance whipped off my bikini bottoms too! It took a few minutes to get used to being naked in public and very soon I realised just how much I liked the sensation. It felt so liberating but so yet so naughty to be full exposed just as nature had intended.

Having become comfortable with my nudity I took the chance to explore my surroundings. I finally settled in a spot next to a young married coupe and very soon realised that the man was watching me while his wife sunbathed peacefully next to him, oblivious to his wandering eyes.

I suddenly felt very empowered by my nakedness and just so horny! Pretending to need something from my beach bag I stood up held his stare for a few moments and then turned my back on him. I bent right over to expose my full peachy arse knowing my buttocks were parting and exposing my pussy lips. I could hardly believe my own brazenness and knowing that he was watching my every move made my pussy instantly juice up. I held my lewd position for a few lingering moments knowing exactly what effect it would be having on him.

When I turned back I saw what state he was in. His flaccid cock was quickly becoming engorged which filled me with a sudden surge of lust and gave me the idea for a wicked plan that he would not be able to resist. I took a bottle of sun cream and lying on my back, spread my legs wide open and provocatively squirted a wad of the icy cool cream all over my tingling pussy and then began to slowly massage it in. it felt incredible to be blatantly masturbating in front of this stud and the mixture of sun cream and pussy juice was making my vulva a hot gooey mess!

A few moments later I looked back to see the results of my wanton exploits, and sure enough he had been hopeless to resist and now had a gigantic throbbing erection, it reminded me of a huge veiny tree trunk standing proud and true.

My snatch was on fire and was aching for some action. My head was now pounding as I realised I had never been so turned-on and desperate for a fucking in my life! I decide that it was now or never and pulling my towel around me, nodded towards the wooded area fringing the beach. I began walking away, desperate that he would follow. He made a quick check to see that was still asleep, and, covering his fat erection, quickly sneaked away after me.

Finding a secluded area in the tress I waited for him. When he appeared we started to kiss without saying a word. I didn’t ask or even want to know his name or nationality; I was simply desperate to have my brains fucked out by him. Hidden by the long grass and olive tress he pushed me to my knees and with his hands on my head forced his meaty monster towards my open mouth.

I don’t normally like to give head but in my frenzied state I could think of nothing better than taking his massive cock right to the back of my throat. I gently licked the swollen purple helmet before clamping my lips firmly around the shaft.

He groaned with delight as I began to build a steady rhythm whilst massaging his spunk filled balls with my fingers. His cock was hot and throbbing in my mouth and I could feel the blood pulsating through his veins.

He couldn’t take much more so I let him go and lay on my back, opening my fanny lips inviting him to make an entrance. I felt a slight jolt of pain as he rammed his huge shaft straight up my tight, wet hole. As he began to thrust into me the pain quickly subsided and the discomfort was replaced with pure unalloyed pleasure.

For several glorious minutes he pounded my pussy like a wild animal. There was no romance just pure lust as he fucked my senseless, pushing my legs even wider in an effort to screw me as deep as possible. I knew I couldn’t last much longer, and allowing myself to relax I was suddenly thrown into the most shattering orgasm; my pussy walls convulsing and juices were flowing freely from my quim. For a few delicious moments I thought I might explode and I don’t know how I resisted screaming in pure ecstasy.

I could feel his cock swelling inside me and braced myself for his climax and waited to be flooded with his cream. At the last moment he pulled out and sprayed his jizz all over tits and belly, finishing with a low groan and grunt of appreciation.

After a quick clean up with my towel we separately made our way back to our sunbathing spots and I was amazed our absence had gone unnoticed. His wife was still tanning her back and my mates were splashing around in the sea. When they did return they seemed far too excited with their own adventures to notice how pink and swollen my sweet little pussy lips were! To this day they’ve got no idea how much more exciting my time at the beach was than theirs!

> “He fucked me senseless, spreading my legs even wider in an effort to screw me as deep as possible.”

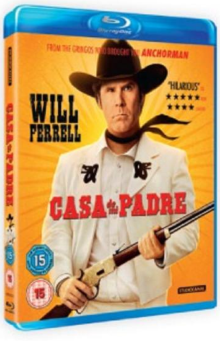
Scene from MAYFAIR

Make sure you've got a comfy cushion to hand this month – sitting through a movie that's getting on for four hours long takes some doing. Probably just as well it's an absolute belter, then…

LAWRENCE OF ARABIA

Every few years a film comes along that knocks everyone sideways, picking up awards as if they were daisies in a field and marking a high point in the history of cinema – and in 1962 the film that did that with jam on was David Lean's decidedly epic *Lawrence of Arabia*. It scooped seven Oscars and four BAFTAs (including Best Film in both), and wowed cinemagoers the world over with its scale and ambition – even though for the most part they were watching a truncated version that had been hacked down by the studio, which was a bit nervous about audiences' ability to sit through a 222 minute long flick. Since then it's had the indignity of being cut further and finally becoming a staple of Sunday afternoon television, where a combination of a ropey old version and a relatively small screen meant that it could never hope to replicate its initial impact and grandeur. Well, as we all know, tellies have got a fair bit bigger in recent times, so a beautifully remastered and restored (to its full length) Blu-ray version is just what the doctor ordered! And it's a doozy. Split over 2 discs, the film's dazzling cinematography, cast, soundtrack and overall ambition in just about every department shine through, with newcomer (at the time) Peter O'Toole putting in a breakthrough performance to end them all, not to mention Omar Sharif, Alec Guinness, Jack Hawkins and both Anthony Q's (Quinn and Quayle). If you've got a big telly and want a proper filmic experience, then look no further. And if you fancy the full-on big screen spectacular then you're also in luck, because this new restored version is coming to a cinema near you this November. Keep an eye open for it – opportunities like this don't come along every day of the week.

CASA DE MI PADRE



Will Ferrell's got a few cracking flicks under his belt (*Anchorman*, erm, *Blades of Glory*?), but there are a few around the *Mayfair* office who remain to be entirely convinced that the Chevy Chase of the 21st Century has quite got what it takes to pull off the starring role in a nailed-on hit more than occasionally, so how does he fare in this one…?

Ferrell plays Armando Alvarez, a simple Mexican rancher who's constantly eclipsed by his bigshot brother Raul (Diego Luna), who returns to the ranch to help settle it's financial plight, but of course all is not as it seems – Raul's business success turns out to be a bit shaky, and when Armando falls for his brother's fiancée and local drug barons start throwing their weight around (you can't have a film set in Mexico without drug barons) Armando gets his chance to shine.

Marking Ferrell's first role in Spanish, there are plenty of laughs, although perhaps not quite enough for all but his most ardent fans.

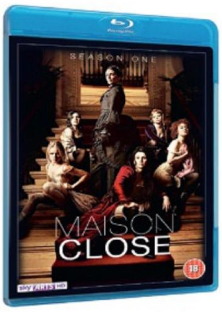
We're not sure how we allowed this one to slip under the radar when it was aired earlier in the year, but now, thankfully (and, let's face it, somewhat inevitably!) it's out as a box set on Blu-ray and DVD. Blighty's very own Damian Lewis stars as U.S. Marine Nicholas Brody, who returns home after a lengthy spell in captivity courtesy of al-Quaeda. Hmm, you might be wondering if AQ tend to let their prisoners go, but then that's rather the point, because has Brody been flipped while a hostage? Based on an Israeli series (*Prisoners of War* – also out now) this is an intelligent thriller that'll keep you gripped from start to finish, while Lewis and co-star Claire Danes put in fantastic performances.

MAISON CLOSE



Everyone's into world TV these days – it's not just American and British stuff that's worth watching. Gloomy Scandinavian cops got the ball rolling, and now it's like we actually prefer our programmes to have subtitles! With the likes of BBC4 crammed full of quality foreign dramas, it's perhaps odd that this quality offering from France hasn't had an airing, although subscribers to Sky Arts might have clocked it. Set in a Paris Brothel in the 1870s, it looks sumptuous and, while it's not quite the full on *Secret Diary of a Call Girl* in terms of how much fun it all seems to be, it's definitely not as grim as you might expect. If you've got a soft spot for burlesque and historical drama, you'll be well served by this one…

THE DEVIL'S BUSINESS

Halloween's on its way, so it's time to start stocking up on horror movies, although this smart British offering isn't quite your typical gorefest. Featuring Billy Clark and Jack Gordon as a couple of hitmen waiting to dispatch a former associate, it offers up plenty of chills even before the true horror of their situation unfolds. With echoes of last year's big hit *Kill List* – but also Harold Pinter! – this is an intelligent offering from writer/director Sean Hogan, and we've got three copies to give away. Just tell us two other names for the Devil, and send your answers to Mayfair's Devilish Comp at the usual address, or email mayfair@paulraymond.com by November 2nd.

THE BOFORS GUN

This sounds like the sort of film that really ought to have been on the telly a good few times in the last 30 odd years, but nobody here can remember ever seeing it on the box. Made in 1968, it stars a whole raft of budding UK talent (John Thaw, David Warner, Ian Holm and Nicol Williamson) as a gang of National Service squaddies on a base in Cold War West Germany. It's more of a psychological study into group dynamics than an out-and-out war actioner, with things starting to go very awry as David Warner fails to keep a hold on the shattered sanity of one of his men. A British classic – and good to see on DVD at long last!

SEE MY HARDER PICS

We couldn't help noticing what an extremely neat little 'Flying V' Sandra's got going on there – and asked her how long it had taken her to achieve…

"Oh, I like to keep things pretty neat downstairs – my job does involve showing off my pussy, after all – so once I've done it, then it's just a question of maintenance! I'd say an hour or so, two or three times a week is all it takes to keep it like this."

That's still pretty labour intensive, if you ask us!

"Well I wouldn't say it's a chore, exactly. I think it's important for a woman to spend a bit of time alone with her pussy, so I like to run a hot bath, get my razor out and tidy it up, and then have a little wank to reward myself. In fact it's probably my favourite part of my weekly routine!"

If you put it like that, it's sounds OK to us as well!

18+. Calls rcd. 0909 and 0908 numbers cost 36p and 46p respectively, per minute plus network extras. We may send free promo SMS. 'STOP' to 89077 to opt out. LL99 Ltd. CCL: 0844 381 7725.

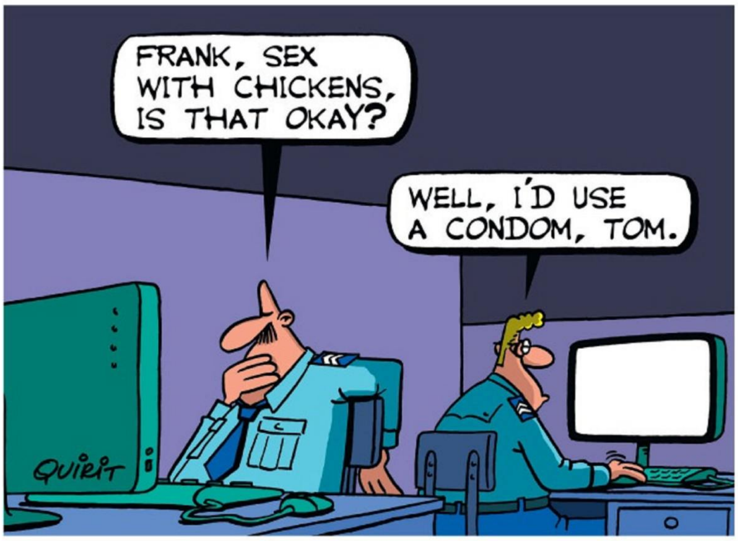
GENTLEMEN, That Reminds Me

Well this is the best we could muster, but if you think you can do any better, email us your efforts at: mayfair@paulraymond.com or send them to: Mayfair, 37 Pear Tree Street, London, EC1V 3AG.



FRANK, SEX WITH CHICKENS, IS THAT OKAY?
WELL, I'D USE A CONDOM, TOM.
QUIRIT

Internet police.

A woman asks her husband if he'd like some breakfast.

"Bacon and eggs, perhaps a slice of toast? Maybe a grapefruit, and a cup of filter coffee?" she proposes.

But her husband declines. "It's this Viagra," he says, "it's really taken the edge off my appetite."

Come lunch time, she asks if he isn't feeling a bit peckish. "How do you fancy a bowl of homemade soup?" she offers. "Or Hobnobs and a glass of milk?"

Again he shakes his head. "No, thanks, love. It's this Viagra… I've no appetite."

Dinner-time swings round and the wife tries again. She asks if he wants anything, even offering to go out to the fish and chip shop. He shakes his head. "Or, how about a nice tasty stir fry?"

Once more he declines. "Sorry, sweetheart. I'm telling you, it's this Viagra. It's totally taken away my appetite."

"Well, then", she says, "Would you mind getting off of me? I'm fucking STARVING!"

Twelve monks face a final test before they can be ordained. They all have to line up naked in a high-walled garden while a nude female dancer moves provocatively around them. Each monk has a small bell attached to his privates, and they are told that any candidate whose bell rings will not be ordained because he has not attained the requisite state of spiritual purity.

The nude girl dances round before the first monk candidate, even grinding her arse against his bum, and elicits absolutely no reaction. Impressed, but a little insulted that they can possibly resist her advances she proceeds along the line with exactly the same negative result… until she gets to the final monk. As she dances round him, his bell rings so furiously it flies off and clanks onto the ground.

Ashamed and horrified, the monk bends over to retrieve the bell… and the eleven other bells start clanging.

A tall woman meets a dwarf at a party. He's barely three feet high but they're oddly attracted to each other. So after a few drinks they go back to the tall woman's flat for a spot of how's your father.

"I can't imagine what it will be like making love to a dwarf," says the woman, beginning to doubt the wisdom of bring the little guy home with her, "especially with the size difference and all."

The dwarf smirks. "Just take off your clothes, lie back on the bed, spread your thighs as wide as you can and close your eyes," he says, "if you want to find out."

So the woman does as she's told and soon she feels the biggest thing she's ever experienced pushing inside her. Within a few minutes she has climaxed eight times.

"If you think that was good," says the little guy, "just wait till I get both legs in there!"

One day, accompanied by his adult grandson, who is visiting for the day, an 85-year-old Scotsman is strolling around his hometown, where he has lived his whole life. As he sees the landmarks, homes, and streets from his youth, he starts reminiscing....

"I remember helping build that bridge when I was 25," he says bitterly. "I worked hard , but people don't call you 'the bridge builder' if you do that round here. No! No, they don't'!"

"I remember building those houses over there when I was 30. But people don't call you 'the house builder' if you do that. Not round here they don't'!"

His grandson tells him to calm down, but the old man is becoming increasingly agitated and resentful. "I remember building that fancy old hostelry across the way when I was 35. Huh! If you do that round here people don't call you 'the hostelry builder' either. No! No they don't!"

Then suddenly he loses his temper and starts roaring:

"But you shag ONE sheep… "

An elderly couple return from a wedding one afternoon in a romantic mood, assailed by recollections of their past. While sitting on their loveseat on the porch, the elderly woman looks at her husband and says: "Oh, Henry: I remember when you used to kiss me every chance you got."

The old man leans over stiffly and gives his wife a peck on the cheek. Then she says, "I also recall how you used to hold my hand at every opportunity."

The man, again feeling obligated, reaches over and gently places his old hand on hers.

"I also remember," says his spouse, "the way you used to nibble on my neck and send chills down my spine."

This time the old man has a blank stare on his face. He gets up carefully and goes inside the house. His wife is upset and calls after him; "Henry! Was it something I said? Where are you going."

She hears him muttering: "To the bathroom to fetch my teeth."

Two Amish women are pulling up potatoes one autumn day. The first Amish woman has two potatoes in her hands, and is brushing off the soil. Noticing that the other woman is looking at her quizzically, she explains: "It's nothing and it is a sin to speak of it but these potatoes remind me of my husband's testicles."

The second Amish woman is shocked. She looks the potatoes over and asks in wonder: "Lord! Are his testicles that big?"

"No," says the first woman, "they're that dirty."

PAM

PHOTOGRAPHED BY TERRY PINE

Pamela Andrews would love to be a heroine. When you meet her you somehow feel that she already is. She seems in some way detached from our own day-to-day reality. Even undressed she has the gentle nobility and assurance of some Victorian heroine, as though she'd stepped from a Dickens novel, forbearance and robust beauty incarnate. She is not some shrinking violet, but a creature of due modesty, with an acceptance of her own beauty, and no self-consciousness about displaying it. It seems almost an insult to place her too squarely in the twentieth century, to dwell on her favourite pop group or to ask if she has any ambitions for tabloid stardom. Instead, it is much more fitting to talk of her love of literature.

Time is a precious commodity these days, so we can't help marvelling at the astonishingly lengthy blurb of utter drivel that accompanied this 1990 set! It must have taken ages to write, and while we've all been tempted to witter on about Victorian heroines and the like in blurbs now and again, whoever penned this one really went to town on it! Still, Pam's nice, and offers us a comely glimpse of a world gone by. Not a Dickensian world, mind you – just the world of early 90's *Mayfairs*!

The arts are more important than almost anything else to Pamela, or Pam as she insists close friends call her. While many other 18 year olds might be found in the nearest megastore, queueing up to buy the latest gramophone record by *New Kids on the Block* or some such teen sensation, Pam can be found in her favourite antiquarian book-seller on London's Charing Cross Road. Here she passes many a free afternoon in a search for some cherished first edition, which she can snap up and take home to Putney in South West London, to the four-bedroomed house she shares with her parents and two sisters. There she pores over battered hardbacks, revelling not only in the printed words, but also in the hand-written inscriptions on the inside covers. 'I find many of these tell tales every bit as gripping and intriguing as those between the covers,' she says. Many of these faded dedications are quite fascinating. 'To Mr A with thundering good cheer, from his little Popsie' runs one of Pam's favourites. 'Despite the restrained image of the Victorians, there is such an under-current of passion in so many of these little messages,' she says. 'They are like snapshots of history, obscure footnotes to some forbidden and secret liaison long in the past.'

It's the need for secrecy and passion that catches Pam's imagination. 'It's such a different world now,' she says. 'No-one needs to conceal their emotions; there are no restraints on behaviour. All the romance and all the poetry has gone.' At 38-24-34, Pam is a little statuesque for a Victorian heroine, as she says 'I'd probably strain the whalebone a bit too much!' Her figure doesn't stop her from imagining herself in the role — ministering to the needy, standing up for her beliefs, and correcting the slight failings of the essentially good man who might win her heart. 'It was a full-time job being a heroine in those days,' she laughs. Fantasy is not enough for Pam; she longs to meet a man who will match up to her ideal version of a nineteenth century gentleman. 'Looks are not important,' she says, 'but he'd have to woo me gently, lead me tremblingly down the road to ultimate passion and surrender. I could only give my all to such a man.'

MAYFAIR'S Naughty Step!

Tearing out her greying hair on our fabled Naughty Step this issue while screaming that her hair's coming out because she's getting old and that's just not fair when you're stinking rich is our featured tantrum diva, Demi Moore.

Demi, reportedly distressed that she is "no longer as sexy" as she once thought she was, and vexed by the fact that her toy-husband, heartless 33-year-old actor Ashton Kutcher, chose to bang someone else on their sixth wedding anniversary as a prelude to the couple parting ways, went slightly bonkers earlier this year, and, having estranged herself from her three strangely named children – who seem to prefer to be around Kutcher and dad Bruce Willis instead of mum – did a very naughty thing involving wasting the emergency services' time in a preposterous "cry for help".

Driven crackers by her vain dreams of remaining young and attractive, naughty Demi binged on Red Bull for days before partaking of unspecified drugs which, when mixed with the popular crimson energy drink, resulted, she claimed, in a 911 in seizures. Some news sources report she also "smoked something" and "inhaled nitrous oxide".

Friends of the woman who was once the most highly-paid female in Tinseltown protest she wasn't being naughty, "she was just exhausted", and express the hope that she'll go into rehab.

Now Hollywood insiders are speaking up and admitting that her obsession with youth became unhealthy a long time ago, leading her to party too much and all but starve herself.

So until she eats a proper meal she stays on The Step.

WEIRD... BUT TRUE?

A case of unspeakable Teutonic cruelty and royal treachery – or a dodgy teenager seeking attention?! You decide. I'm off to lie down.

On May 26, 1828 a teenage boy appeared in the streets of Nuremberg carrying a letter addressed to a captain of the 6th cavalry regiment.

The anonymous author said the boy was given into his custody as an infant in October 1812, and that though he'd taught him speech and writing, he'd never let him "take a single step out of my house". The captain was to "take him in, or hang him".

The boy, "Kaspar Hauser", claimed he had spent his life alone in a tiny dark cell with only a straw bed and a toy horse. The only person he'd ever had contact with had been a mysterious man who always hid his face.

According to contemporary rumours, Kaspar was the hereditary prince of Baden who was born on September 29, 1812 and supposedly died within a month. Many believed that he had been switched with a dying baby.

Anyway, after any amount of claiming things, and by all accounts being a scheming, arrogant little prick who abused the hospitality of all, Hauser perished in December 1833 in Ansbach after receiving a stab wound to the chest which may have been self-inflicted, though he claimed to have been knifed by the man who had kept him as an infant.

In 1996 scientists in Birmingham announced they had analysed DNA traces from Kaspar's underpants (no, really) and ruled out any connection between Little Lord Schneuty and the Bavarian royal baby.

Etiquette for the BEWILDERED

An A-Z of things you really, really need to know. ***L is for "Lonelybooking"***

"Lonelybooking" is a somewhat cruel but apt new slang term for continually adding status updates to Facebook because no-one is paying you the least bit of attention.

The word can also refer to being isolated in one's room in a house full of people and trying to engage the interest of "friends" on Facebook in order to feel validated in some way.

Many poor souls who find themselves obliged to lonelybook have done it to themselves by locking themselves away with immersive games such as World Of Warcraft: hence the 21st Century expression "wowthritis" to describe the aching joints of one's hands after one has been playing the bloody game non-stop for a fortnight or longer.

Hollywood FOLLIES

THE GREEN HORNET (2011)

Bloopers, accidents and hopeless cock-ups are as much a part of the half-arsed world of Hollywood as poor storylines and bad acting, with the most awful oversights in logic and continuity gliding past inattentive film editors and arrogant directors onto the big silver screen.

Early on, when the crime boss shakes down the club owner, he leaves a briefcase bomb inside the owner's office. But when he saunters out and the bomb explodes, what explodes first are the club's billboard matinee lights, which are nowhere near the office. Only then does the club explode as it would if a bomb had detonated inside.

When Reid and Kato are fighting by the pool, the beach ball falls off the poolside chair when they topple into the water. When they resurface, however, some extremely helpful invisible person has replaced the ball on the chair.

In the scene where Reid is in bed with the bit of crumpet and talking to his father, from the father's point of view the girl has the sheets pulled up high around her front to preserve her modesty. Yet in all the shots facing the opposite way, towards Reid's father, the sheets are down around her waist, giving dad an eyeful. And when Kato shoots the gun at the bottles behind him, the bottles he hits in the mirror break in a different order than he shoots them. This defies several of the Laws of Physics.

In the sequence where Kato rides up on his motorcycle and looks through the fence as Reid begs Lenore to come back to work, Lenore is standing inside the house behind the sliding glass doors. But whenever the camera cuts to Kato's point of view she is standing outside the house. Two close-ups later she is back inside the house again!

The first time they are out with the Chrysler after it has been fitted with the wheel barbs, the Chrysler is right next to the police car as it crashes into the car being towed, yet in the next shot the Chrysler is further away and behind the police car as it crashes. Also the spikes on the Chrysler are no longer there.

And when Kato is driving home after the argument about Britt making coffee at the office, he jerks the steering wheel randomly like a child pretending to drive, despite the fact they are supposedly driving along a straight length of road.

Vol.47 No.12
On November 2nd

So, umm, anything nice up our sleeves for next month? Well 'Hell Yeah!', as ludicrously monikered somgster and bonkers talent show judge Will.i.am might shout over an inane backing track. For starters, we've got the ever welcome return of two of our all time fave gals – Gemma Massey representing the UK massive (and they really are massive!) and the ever delectable Yurizan Beltran offering us the ever alluring prospect of an extra-special relationship with our stateside chums! There'll be plenty more, of course, but if these two aren't enough to whet your appetite, then it's time to get on to NHS Direct…
